Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. STANTON, Mt. Vernon, Ohio.

He and His Wife Get on Their Knees to Appeal Hard for Mercy.

John L. Sullivan Arrested for Playing Base Ball at Cleveland on Sunday.

A DRUNKEN BRUTE

Saved From Being Hung by a Mob by a Praying Wife.

By Telegram to THE SENTINEL.

OMAHA, Neb., Sept. 14.—A mob of citizens of Chester, Neb., started out late Saturday night to hang Warren Coon, a blacksmith, who had repeatedly beaten his wife and threatened to burn the town. His threat to burn the town excited the citizens. They surrounded his house, captured Coon and were about to lynch him when his wife pleaded for him on her knees and prayed to heaven and to the mob to spare him and to give him one more chance to be a man. Coon finally followed suit. He prayed on his bended knees and promised on oath over a bible to never again mistreat his wife and stop drinking. Upon the understanding that a violation of his oath would result in hanging, the mob concluded to let him have another chance and thereupon dispersed.

A SLUGGER.

Frank Berte Breaks A Man's Neck.

By Telegram to THE SENTINEL.

CINCINNATI, Sept. 14.—Frank Berte broke the neck of William Hazard, this morning at Jones' foundry. The men had a slight quarrel Saturday. As soon as Hazard reached the foundry this morning Berte dealt him a powerful blow behind the right ear and he fell lifeless. As soon as it was known that Hazard was dead Berte left and has not yet been arrested. Hazard was forty-five years old and no match physically for Berte, who is about thirty years of age, weighs 175 pounds and has been engaged in several minor prize fights about Covington, Ky., where he lives.

An organization was proposed to make common cause with the defendants in the suits already commenced and those that may be brought.

ANN ARBOR, Mich., Sept. 14.—At 4 o'clock Sunday morning a tenement house in the rear of a shoe shop, on Fourth street, fell in and killed a colored woman, Mrs. A. Bailey. There were ten persons in the house when it fell. All escaped with slight injuries, save Mrs. Bailey.

BALTIMORE, Md., Sept. 14.—Daniel Dorsey, aged 74 years, proprietor of Barium's City hotel, died this morning.

Sullivan Arrested.

By Telegram to THE SENTINEL.

CLEVELAND, O., Sept. 14.—About 4,000 people were at Brooklyn Park yesterday to see John L. Sullivan pitch

for the Forest Citys. Both clubs are composed of good amateur players, and the game, which resulted in a victory for the Sandusky's by a score of 2 to 0 was watched with interest. At the close of the game and as the champion was leaving the grounds, he was placed under arrest by Constable Jones, the smallest officer in the city, who was armed with a warrant charging Sullivan with a violation of the Sunday law by playing ball. Sullivan offered no resistance, but going before Justice Hart, gave bail in the sum of \$500 for his appearance at 2 o'clock to-morrow. The warrant was sworn out at the request of John J. Rockefeller, of the Standard Oil Company, representing the Law and Order League. It was the intention to arrest Sullivan before the game commenced, but owing to the delay in issuing the warrant the officer did not reach the grounds until the players were leaving.

HE GOES HIGHER.

W. B. Beamer Appointed Master of Transportation of the Wabash at Springfield.

Mr. W. B. Beamer, who has long officiated as master of transportation of the Muncie road, will this evening resign that position and go to his new home at Springfield, Ill., where he assumes the position of master of transportation on 450 miles of the Wabash road under General Master of Transportation K. H. Wade. Mr. Beamer's territory will be west from Springfield and the Wabash is to be congratulated on their acquisition. Fort Wayne loses one of its brightest railroad men and the Muncie part with its best transportation manager. THE SENTINEL is proud of Mr. Beamer's elevation and will watch his career with much interest.

The Right Talk.

To the Editor of THE SENTINEL: FORT WAYNE, Sept. 14, 1885.—SIR: A few drunken bums endeavored to induce the Knights of Labor to boycott Keils book store and a few printing offices. The Knights of Labor are heartily tired of the boycotting business. They try to live honorably and upright, and those who are not too lazy to work try and treat their friends and neighbors in a like manner. We know which papers in this city publish the telegraphic news, and sooner than be persuaded to take a paper that does not publish any telegraph, will take none. Keep on in your good work. We want the news and want it fresh. Mr. Spencer, in his Journal, may howl all he likes about a big strike, but it is all in his eye. Yours &c.

KNIGHTS OF LABOR.

A Merchant Talks.

A striker asked a prominent merchant what he thought about THE SENTINEL and Gazette. "Well sir," replied the merchant, "I think they are the only papers in the city that have the enterprise to buy telegraphic news. Who cares for papers at this advanced age that do not give us telegraph. I am sick and tired of strikes, strikers and the whole communistic business. Ft. Wayne is being killed by inches by these pests. No wonder Fort Wayne is called 'striker town' about the country."

Death of Leh H. Fox.

Leh H. Fox, formerly conductor and train dispatcher on the Grand Rapids road, died quite suddenly at Peru, Friday evening. Fox was on the streets Friday morning. In the evening he was stricken and expired in an instant. He was recently trainmaster on the Rantoul division of the Wabash, and came to Peru to be assigned new business as that line was dropped. His remains were taken to Richmond for interment. Mr. Fox was well and favorably known here and his untimely death will be mourned.

East Bound Freight.

The shipments of flour, grain and provisions from Chicago to eastern through stations by the pool lines during the week ending Saturday, Sept. 12, amounted to 48,161 tons, against 35,022 tons during the preceding week, an increase of 13,139 tons. Shipments of flour increased 1,731 tons, those of grain increased 8,151 tons, while those of provisions increased 3,258 tons. The Pittsburg road carried 5,506 and the Nickel Plate 5,736 tons.

Divorces Granted.

Judge O'Rourke this morning divorced Elizabeth Jones from John L. Jones. He also separated Rosetta Carto from Aug. L. Carto. The men abandoned their wives, who are comely looking matrons and deserve better treatment from the men who swore to love them.

YACHTS.

The Contestants Measure their Speed.

The Puritan Leads the British Bark all Around.

With Every Prospect that She will Win the Race and the Prize Cup.

AMERICA AHEAD.

The Yachts Again Engage in Contest to-day.

By Cable to THE SENTINEL.

NEW YORK, Sept. 14, 9:30 a. m.—The prospects that the Puritan and Genesta will be able to have to-day, the initial race for the America cup over the inside or New York Yacht club course, are quite favorable. The signal office at Sandy Hook, reports at this hour a 13 knot breeze from the southwest with a probability of its continuance throughout the day.

THE PURITAN AHEAD.

10:30 a. m.—The Genesta and Puritan have begun their race. They crossed the line at 10:34 a. m. The boats started on port tack, the Puritan securing an advantage of half a length. After a ten minutes run to the Long Island shore both boats almost simultaneously put about for the narrows, the American Puritan still leading.

AMERICA LEADS.

11:10 a. m.—The Puritan is now going through the narrows, leading the Genesta by half a mile. The shores of Long Island and Staten Island are crowded with people and boats of every description are following in the wake of the contesting yachts.

BECALMED.

FORT HAMILTON, Sept. 14, 11:45 a. m.—Both yachts are becalmed off buoy No. 13. The wind is setting in from the southeast and is slight. Sandy Hook, however, reports a 12 knot breeze.

FORT HAMILTON, Sept. 14.—Noon.—The yachts are heading south on port tack. The wind is from the southwest and only three miles an hour. The Puritan leads the Genesta about a quarter of a mile.

SANDY HOOK, Sept. 14, 12:07 p. m.—The Puritan is on port tack and leads the Genesta by nearly a mile. The Genesta is tacking to port side. At 12:20 the Genesta went about. The Puritan continued her port tack. At 12:39 the wind was light from the west and is going down.

SANDY HOOK, Sept. 14, 1 p. m.—The Genesta keeps nearly a mile astern of the Puritan.

2:05 p. m.—The Puritan passed Scotland light-ship at 1:57, the Genesta at 2:01.

2:20 p. m.—The Puritan turned the stake boat 2h 10m 10s, the Genesta at 2:20 p. m.

2:37 p. m.—The Puritan passed the Scotland light ship homeward bound at 2h 33m 20s, the Genesta at 2h 37m 30s.

HOMEWARD BOUND.

2:45 p. m.—The Puritan and Genesta are on port tack. The Puritan keeps her position to windward. It looks from here as though the Puritan went too far to windward in rounding the light ship and consequently lost considerable ground. The Genesta is overhauling her rival more rapidly than on the outward course. Both yachts are doing good work. The fleet of steamers and yachts are all homeward bound.

WEST BANK, Sept. 14.—Puritan at 3h 33m 15s rounded the southwest spit, the Genesta at 3h 42m 20s.

3:50 p. m.—Puritan leads by over a mile.

4 p. m.—The Puritan is 8 minutes 30 seconds ahead and will win the race.

More Law Breaking.

By Telegram to THE SENTINEL.

AUSTIN, Texas, Sept. 14.—The government has been notified that school lands are being extensively used for free grazing, in violation of the law, in Presidio county.

Mrs. Ruettlinger made her way to the roof with her three young children and her babe. She fell down an air shaft a distance of 60 feet. She and baby were instantly killed.

The Fort Wayne Golden Eagles are not what they used to be.

The lacrosse championship of Canada has been won by the Montreal club.

In the contest for the league championship the Chicago club retains first place, having now seventy-five games, and the New York team is second, with seventy-three victories to its credit. The Providence, Philadelphia, Boston, Buffalo, Detroit and St. Louis clubs follow in the order named.

LOCAL NEWS.

A four-year-old son of John Shey, of Chicago street, was terribly scalded to-day. Some time ago another child fell from a second story window.

We do not understand what harm it does a business to be "boycotted." THE SENTINEL did a better business to-day than it has done on any Monday for a year.

Messrs. Brown & McDermut, in their labor paper, try to make the people believe there is a big strike in Fort Wayne. THE SENTINEL employs twenty persons in their building, and to show how big the strike is in their office, only one boy and one printer, who does not live in the city, quit work. In the Gazette office six have struck, which makes in all seven men and one boy. Truly it is a big strike.

Mr. Maurice Cody, who has been a resident of Allen county for nearly fifty years, made THE SENTINEL office a call to-day. On being asked concerning his health he replied, that it was better than it had been for ten years. He is still as staunch in his democratic principles as ever. Mr. Cody has sued the people who molested his valuable dam property and they have taken the case into Whitley county. He will pursue them.

A Babe Found Dead Near Wabash.

By Telegram to THE SENTINEL.

WABASH, Sept. 14.—This morning the body of a female infant was found near the Wabash, St. Louis & Pacific railway track, two miles east of the city. Three young men discovered the body; and one of them came to this city and notified the coroner, who hastened to the spot. In the meantime a man and woman were seen lurking about the place and acting suspiciously. When the coroner came the pair disappeared. The infant was wrapped in a towel and a copy of the Fort Wayne News of the 11th. There were bruises upon its body, and it is evident that malpractice has been committed. After summoning medical witnesses, the body was turned over by the coroner to the township trustee for burial and interred in the old cemetery.

SPRING FEVER

BROWN'S IRON BITTERS

At this season nearly every one needs to use some sort of tonic. BROWN'S IRON BITTERS is the physician's prescription for those who need building up.

For Weakness, Lassitude, Lack of Energy, etc., and for all ailments of the blood.

It is the only iron medicine that is not injurious. It enriches the blood, restores appetite, aids digestion, does not blacken or injure the teeth, causes headache or produce constipation—other iron medicines do.

Dr. G. H. BINKLEY, a leading physician of Springfield, O., says:

"Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action equal to all other forms of iron. In weak conditions of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it."

Genuine has trade mark and crossed red lines on wrapper. "Take no other." Made only by BROWN CHEMICAL CO., BALTIMORE, MD.

LADIES' HAND BOOK—useful and attractive, containing list of prices for medicines, information about same, etc., given away by all dealers in medicine, or mailed to any address on receipt of 3c. stamp.

GRANDMOTHER

Used herbs in doctoring the family, and her simple remedies DID CURE in most cases. Without the use of herbs, medical science would be powerless; and yet the tendency of the times is to neglect the best of all remedies for these powerful medicines that seriously injure the system.

MISHLER'S HERB BITTERS.

Is a combination of valuable herbs, carefully compounded from the formula of a regular Physician, who used this prescription largely in his private practice with great success. It is not a drink, but a medicine used by many physicians.

It is invaluable for **DYSPEPSIA, LIVER AND BILIOUS COMPLAINTS, NERVOUS EXHAUSTION, WEAKNESS, INDIGESTION, etc.**; and while curing will not hurt the system.

Mr. C. J. Rhodes, a well-known iron man of Safe Harbor, Pa., writes:

"My son was completely prostrated by fever and ague. Quinine and barks did him no good. I then sent for Mishler's Herb Bitters and in a short time the boy was quite well."

"E. A. Schellenger, Druggist, 717 St. Clair Street, Cleveland, O., writes:

"Your Bitters, I can say, do say, are prescribed by some of the oldest and most prominent physicians in our city."

OFFICIAL PAPER COUNTY AND CITY.
MONDAY, SEPT. 14, 1885.

NO CAUSE FOR A STRIKE.

The striking printers have issued their manifesto attempting to justify their suicidal "walkout." They utter not a word, nor recite an instance that warrants their behavior, but content themselves with the socialistic cry, "Boycott." Permit us to analyze their grievance and the tendency of their career. THE SENTINEL paid its men the union scale of wages, submitted to every detail of the typographical union regulations and not long since volunteered to increase the price of "type setting" or "composition" if other city papers did likewise. It catered to every whim, satisfied every wish of the union men, but because it would not employ more printers and set more type than the earnings of the paper would warrant a strike is ordered and the cry of "Boycott" is raised. They want to "Boycott" newspapers because they will not permit their expenses to exceed their receipts—a course that would lead to bankruptcy. They want to "Boycott" THE SENTINEL and Gazette for taking the Associated Press dispatches, putting every word of them in type here and exchanging them to publish twenty-four hours in advance of the arrival of pot metal news gleaned from Chicago papers. They want to "Boycott" the only Fort Wayne newspapers that have fought against the "stereotyped" or "freight train telegraph" system that deprives thousands of printers of employment daily. They want to drive the only enterprising, original Fort Wayne newspapers into that labor killing channel. THE SENTINEL has ever strived to have all its type set in Fort Wayne, that Fort Wayne people might get employment and the benefit of it. The striking printers go out of their way to compliment city papers that bring their ready-made telegraph from Chicago and daily deprive a dozen Fort Wayne printers of work that ought to be done here. Knights of Labor what do you think of this course—this open plan to encourage men to go abroad for work?

This tendency of a few men to dictate unfair and unjust terms calls for rebuke, and every merchant, manufacturer and railroad officer, who believe in controlling their own affairs, are alike interested in its downfall. THE SENTINEL makes no war on labor unions, never refused to pay the highest wages, but will always insist on managing its own business and disposing of its own property as it pleases. It says nothing unkindly to the printers, who have made a fatal mistake and the people know it.

A TELEGRAM, which cost several pounds, was sent under the Atlantic passionately entreating the philosophic maiden to be kind to the scientific swain; and presently the electric wire received again the avowal of a requited passion. So Puck's girl was made the minister of love to feed his flame. Pity it is that no Spenser is now alive to write an epithalamium. But electricity will probably become the symbol henceforth of impatient love. At all events, the fact that an offer of marriage has been made by the Atlantic cable and accepted by the same, is worthy to rank as a precedent, says the Liverpool Courier.

A NEW material has been discovered for the benefit of sculptors. It is called mamorine, and is said to be as beautiful as marble, and scarcely distinguishable from some tints of Carrara marble, yet much cheaper than marble, and having the advantage of limitless production from an original. Though cheaper than marble, it is being used in inferior forms of art. Though somewhat like plaster of Paris, it is so hard that it may be worked precisely the same as marble.

MRS. BARBARA BALSORA CHICKSAW CHEROKEE CHOCTAW TENNESSEE SPRINKLE, Miss Called Harriet Anna Cassandra Dishie Bowie Jackie Deane Hanover Adams, and Benjamin Bathurst Benbow William Henry Jeremiah Andrew Jackson Simon Peter George Washington Johnson, Esq., are residents of Lexington County, South Carolina.

QUEER vestiges of old-time etiquette still linger in Virginia. It used to be, and in a measure is still, considered the height of rudeness for one person in driving to pass another person on the road! As a result, the slowest coach on the road could keep all others behind it; time and distance were relatively of no importance. Even now the people apologize when they pass each other on the road. It has also been alleged that a really high-bred Virginian never so far forgets etiquette as to inquire of a stranger where he is from, because the stranger might be forced to acknowledge that he is from some other State than Virginia, and it was only charity to spare him this mortifying admission. It is a hotly-disputed point, and has been for the last 200 years, whether a guest spending the night with his host should make the move to go to bed, or whether the host should.

TIED, LAZARD, DULL

Exactly expresses the condition of thousands of people at this season. The depressive effects of warm weather and the weak condition of the body can only be corrected by the use of a reliable tonic and blood purifier like Hood's Sarsaparilla. Why suffer longer when a remedy is so close at hand? Take Hood's Sarsaparilla now. It will give you untold wealth in health, strength and energy.

A citizen of Barnegat, N. J., has three acres in sunflowers, which are roughly estimated to number between 50,000 and 100,000.

Health is wealth, and health can be preserved or regained by the judicious use of Mishler's Herb Bitters. Some of the cures that have been wrought by this remedy are almost miraculous. Lost health has been found and the poor weak invalid has been restored to health and strength. Thousands of so-called hopeless cases of dyspepsia, indigestion, kidney disease, liver complaint, and various other ills, have yielded to it. Its tonic properties make it invaluable to convalescents.

Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt Rheum from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years—Sarsaparilla combined with every form of Potassio and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was afflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and healthy, but still she brushed them off with an impalpable white powder resembling pure salt. She is now taking the sixth bottle, three tablets four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 135 Mullett street, or by me JOHN F. BRADLEY, 44 Griswold St. Detroit, Mich., May 15, 1885.

Be sure to get the genuine, and send for Treatise on Blood and Skin Diseases, free. For Sale by all druggists. THE SWIFT SPECIFIC CO., Drawer 3, Atlanta, Ga. 157 W. 23d St., N. Y.

Everybody is Going TO THE GREAT NORTHERN INDIANA FAIR!!

AT FORT WAYNE, Sept. 15, to 18, '85

AT LAST! AT LAST!!

The Great Northern Indiana Fair Has Been Taken Into

THE BIG CIRCUIT.

This will Guarantee the BEST FAIR Ever Held in Northern Indiana.

The Circuit Gives over \$25,000 in Premiums to Horses Alone.

Get Ready, Every Person, to Attend. It will be a Rousing, Old-Fashioned Fair. Come in Wagons, Come on Horseback, come in Buggies, come Anyhow, only so you get to see the BIG FAIR.

BIG BALLOON ASCENSION ON THURSDAY.

been newly painted and are now quite pre-entable.

Everybody

Is going to

The Greatest of all Fairs.

There will be an excellent display of fancy goods.

The management is arranging for a rope walk high in air every day.

A. Martin, of Muncie, will have a splendid herd of short horns here.

A. E. Hoffman Esq. will exhibit a herd of Holstein cattle, which, it is expected will take prizes.

Splendid herds of Jerseys will be exhibited by Messrs O. A. Simons, Will McKinnie and Judge Taylor.

There will be an abundance of space for all those wishing stands at the "Big fair—the Jumbo of all fairs."

A number of fine herds of cattle will be here from Columbia City and Chubbuck and other points in Whitley county.

The balloon, the largest in the United States, will make a daily ascension.

On Thursday afternoon the big captive will be released.

The five mile ladies' race, which has been a great attraction everywhere, will take place on Friday afternoon.

This single exhibition costs the management \$1,000.

Four car loads of horses arrived from Rushville yesterday and four more will come to-morrow. They will be entered in the fast classes in the trotting and running race.

The famous Galloway herd of cattle and all of the Clydesdale horses of the Clydesdale Farm Company will be on exhibition, not, however to take prizes. In Iowa they took \$1,500 in premiums. Mr. Bass is president of the company and Mr. Frank D. Lightfoot is secretary.

Sensible Advice on Cookery.

A wide-awake paper says, "A family fed on fried beefsteak, with the juice all solidified and the steak full of grease, and sodden potatoes and heavy bread, suffers not only in stomach but in nerve and brain." Yes, and the family will have dyspepsia, debility and bad blood. Give them Brown's Iron Bitters and drive those diseases out. Mr. J. Hoehn, Delphos, Ohio, writes, "I have used Brown's Iron Bitters for impurity of blood, and am greatly benefited."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Locally.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."

The railroad people say that the appointment of James McCrea to the position of vice-president and manager of all the Pennsylvania lines west of Pittsburgh is just the right thing, and that he is the right man for the right place. In his new position he will have over 2,600 miles of the best equipped roads in America under his control.

Judge Brackenridge has rendered his decision in the Williamsport dam case. By some process a portion of the river was taken from Mr. Cody and then its alleged owners blew up the mill dam. Judge Brackenridge sets aside that claim and places entire ownership of the dam and river property in the hands of Mr. Cody, who can now proceed to make people out there pay dearly for touching his property. This decision reaches the feeder dam which a few cranks talked about blowing up.

MAKING READY.

How the Northern Indiana Fair Association is Preparing for the Great Throng

That Will This Week Attend the "Jumbo of all Fairs," and to Their Hearts' Delight.

"It's in the air." The fair is already an assured success. The balmy air of these days' says so. The energy of the management reiterates the assertion and the promise of unheard of crowds and the real excellence and variety of attractions for them to gaze upon proves beyond a doubt that the fourth exhibition by the association will be pre-eminently the best of all their very creditable undertakings.

"Tell your people for me," said Supt. J. W. Pearce, of the horse department, as he paused from his work at the stalls this afternoon, "that the speed department will be the best we have ever had. We will have forty starters, and they are all good ones. Half of them came on a special train from Toledo this morning. You see here the track is drying up and by Wednesday, when the 3 minute trot inaugurates the races, we will have the fastest track ever seen in Fort Wayne. There will be fast going and you may depend upon it."

The fact that the association is this year, for the first time, a member of the "Big Circuit" accounts for the attendance of more and better horses than ever passed under the wire here before. The prizes are large enough to attract all the western flyers. They had their first meeting at Columbus, Ohio, they were last week at Toledo and will be here to-morrow, going next to South Bend. In Wednesday's three minute trot alone there are fourteen entries, including "Judge Hoadley" and other local horses. In the 2:20 pace, which occurs on Thursday, there will be among other entries O. A. Simons' "Daisy Scott" and Will McKinnie's "Billy F."

A survey of the grounds much impressed THE SENTINEL reporter with the thoroughness of the preparations that have been made for the reception of the thousands that will come from all directions. The grass and weeds have been removed and every building on the grounds has been made comfortable and tidy by the carpenter and painter. The judge's stand flames with bright coats of paint. Exhibitors are everywhere arranging places of showing their goods. The principal building, which is under the superintendence of Mr. G. C. Dodez, was to-day a busy scene. The exhibitors are our principal merchant, whose displays will be mentioned at some length when fully arranged. Power hall and the other mechanical buildings are already well filled. Lines of shafting are being placed to operate the largest number and best variety of agricultural implements ever exhibited at an Indiana fair.

Between the main building and the race track the green slope is being filled with tents and booths and it is said they will be made unusually attractive. At one place a man is repairing the great balloon which will make daily ascensions. The balloon encountered a western cyclone where it last went up and has been somewhat "broke up" since.

SPECIAL FEATURES OF THE FAIR.
The association desires to call particular attention to the ladies five mile race which will be run on Friday afternoon. This feature has been one of special attractiveness wherever seen, is sure to be the most exciting and novel of the present fair. The ladies are the celebrated Madame Martinet and Miss Myrtle Peck. They have no equals as equestriennes the world over. Each lady uses five horses which are changed with marvelous rapidity in front of the grand stand. There will be an immense display of farm products. All the hog pens have been engaged and swine of the very best breeds will be exhibited. Four herds of short horn cattle are on the grounds and several more herds are expected. Besides there will be two splendid herds of Halsteins and a big display of Jerseys and Mr. Bass will display his Galloway prize takers. This morning five car loads of fancy stock arrived from Toledo and three came from Wabash for exhibition at the Great Northern Indiana Fair.

Howell C. Rockhill is the superintendent of the cattle department. The committee of awards has not yet been named. Joe Hunter will be the starting judge in the races. The other judges are not yet named. In the sheep department the pens are all engaged. The display of Shropshires will be especially good. By to-morrow evening the exhibitors expect to have everything in shape for the opening on Wednesday morning. Remember that The Big Fair lasts but four days, 15th to the 18th inclusive.

The Defiance, Ohio fair will not occur this year and the fair in many of the smaller towns will cease to attract. "Everybody is going to the Great Northern Indiana Fair."

There is a noticeable lack of eating

stalls or restaurants. The vast throng of people must be fed and persons who desire to make money should remember that some of the best space is still to be had.

RURAL ROBBERIES.

The New Haven House Burglarized—Father Roche has a Few Visitors.

Saturday night thieves broke into the New Haven house, at New Haven, and carried away a \$40 shot gun and satchel of clothing. The house is managed by E. B. Baine. He owned the shot gun and the clothes belonged to his guests. Mr. Baine reported the theft late yesterday, and Sheriff Nelson at once dispatched Messrs. Hance and Mungeon to the scene. Of course the burglar did not tarry to assert his rights as slow people who are robbed, think. The first thing to do is to notify the sheriff and give something like an even chance at the rascals.

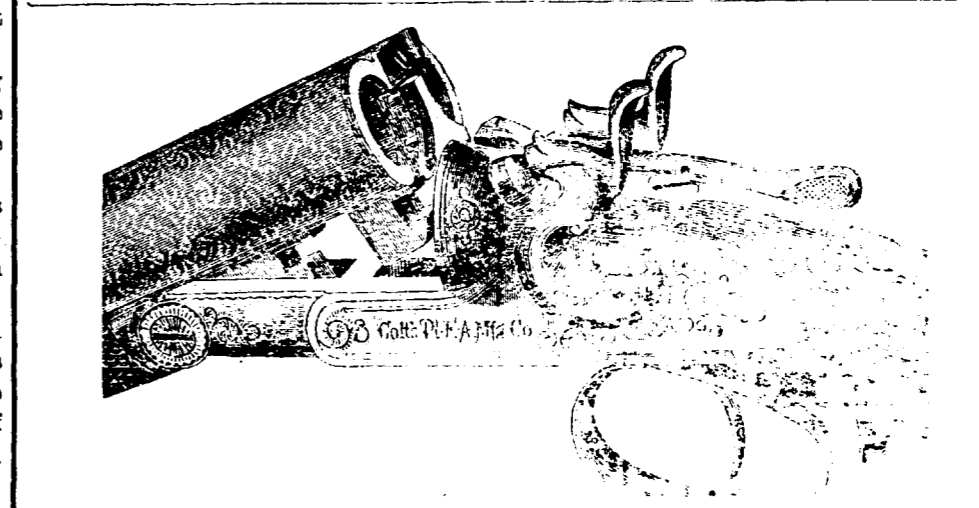

Father Roche, the Catholic clergyman at Academic Station, seven miles north of the city, reports the loss of something like \$175. Two men entered his residence and at the point of revolvers robbed the priest. He had a shot gun in the house, but would not shoot a fellow being if he carried his home away. He cares nothing about his loss.

John Blee, an Aboit township farmer, notified Sheriff Nelson a horse was stolen from him two days after the theft was committed. They then expect an officer to catch the thief in fifteen minutes.

John Foster, of Hoagland, indicted for assault and battery with intent to kill, was acquitted by Prosecutor Dawson, who refused to prosecute him.

Old Aaron Barrell was sent to the prison north for one year. Aaron is deserted in the world and better off behind the bars than outside. He was once wealthy.

Don't Want Strikes.
Speaking of strikes, Mr. T. V. Powderly, general master workman of the Knights of Labor, in an interview at Cincinnati said: "General strikes bring to the front a class of preying men who live off labor troubles and who commit acts for which the Knights are blamed. We don't want any more such strikes. Better take very little and avoid them."

You see here the track is drying up and by Wednesday, when the 3 minute trot inaugurates the races, we will have the fastest track ever seen in Fort Wayne. There will be fast going and you may depend upon it."

The fact that the association is this year, for the first time, a member of the "Big Circuit" accounts for the attendance of more and better horses than ever passed under the wire here before. The prizes are large enough to attract all the western flyers. They had their first meeting at Columbus, Ohio, they were last week at Toledo and will be here to-morrow, going next to South Bend. In Wednesday's three minute trot alone there are fourteen entries, including "Judge Hoadley" and other local horses. In the 2:20 pace, which occurs on Thursday, there will be among other entries O. A. Simons' "Daisy Scott" and Will McKinnis' "Billy F."

A survey of the grounds much impressed THE SENTINEL reporter with the thoroughness of the preparations that have been made for the reception of the thousands that will come from all directions. The grass and weeds have been removed and every building on the grounds has been made comfortable and tidy by the carpenter and painter. The judge's stand flames with bright coats of paint.

Exhibitors are everywhere arranging places of showing their goods. The principal building, which is under the superintendence of Mr. G. C. Drexler, was to-day a busy scene. The exhibitors are our principal merchants, whose displays will be mentioned at some length when fully arranged.

Power hall and the other mechanical buildings are already well filled. Lines of shafting are being placed to operate the largest number and best variety of agricultural implements ever exhibited at an Indiana fair.

Between the main building and the race track the green slope is being filled with tents and booths and it is said they will be made unusually attractive. At one place a man is repairing the great balloon which will make daily ascensions. The balloon encountered a western cyclone where it last went up and has been somewhat "broke up" since.

SPECIAL FEATURES OF THE FAIR.
The association desires to call particular attention to the ladies five mile race which will be run on Friday afternoon. This feature has been one of special attractiveness wherever seen, is sure to be the most exciting and novel of the present fair. The ladies are the celebrated Madame Martinet and Miss Myrtle Peck. They have no equals as equestrians the world over. Each lady uses five horses which are changed with marvelous rapidity in front of the grand stand. There will be an immense display of farm products.

All the hog pens have been engaged and swine of the very best breeds will be exhibited.

Four herds of short horn cattle are on the grounds and several more herds are expected. Besides there will be two splendid herds of Haskins and a big display of Jerseys and Mr. Base will display his Galloway prize takers.

This morning five car loads of fancy stock arrived from Toledo and three came from Wabash for exhibition at the Great Northern Indiana Fair.

Howell C. Rockhill is the superintendent of the cattle department. The committee of awards has not yet been named.

Joe Hunter will be the starting judge in the races. The other judges are not yet named.

In the sheep department the pens are all engaged. The display of Shropshires will be especially good.

By to-morrow evening the exhibitors expect to have everything in shape for the opening on Wednesday morning.

Remember that The Big Fair lasts but four days, 15th to the 18th inclusive. The Indiana, Ohio fair will not occur this year and the fair in many of the smaller towns will come to attract. "Everybody is going to the Great Northern Indiana Fair."

There is a noticeable lack of eating

stalls or restaurants. The vast throng of people must be fed and persons who desire to make money should remember that some of the best space is still to be had.

RURAL ROBBERIES.
The New Haven House Burglarized—Father Roche has a Few Visitors.

Saturday night thieves broke into the New Haven house, at New Haven, and carried away a \$10 shot gun and a cache of clothing. The house is managed by E. R. Baine. He owned the shot gun and the clothes belonged to his guests. Mr. Baine reported the theft late yesterday, and Sheriff Nelson at once dispatched Messrs. Hance and Munger to the scene. Of course the burglar did not tarry to assert his rights as slow people whose robbed, think. The first thing to do is to notify the sheriff and give something like an even chance at the rascals.

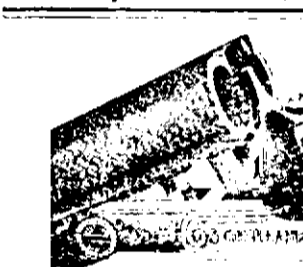

Father Roche, the Catholic clergyman at Academic Station, seven miles north of the city, reports the loss of something like \$175. Two men entered his residence and at the point of revolvers robbed the priest. He had a shot gun in the house, but would not shoot a fellow being if he carried his home away. He carries nothing about his loss.

John Blee, an Abbot township farmer, notified Sheriff Nelson a horse was stolen from him two days after the theft was committed. They then expect an officer to catch the thief in fifteen minutes.

John Foster, of Hoagland, indicted for assault and battery with intent to kill, was acquitted by Prosecutor Dawson, who refused to prosecute him.

Old Aaron Barrell was sent to the prison north for one year. Aaron is deserted in the world and better off behind the bars than outside. He was once wealthy.

Don't Want Strikes.
Speaking of strikes, Mr. T. V. Fowler, general master workman of the Knights of Labor, in an interview at Cincinnati said: "General strikes bring to the front a class of preying men who live off labor troubles and who commit acts for which the Knights are blamed. We don't want any more such strikes. Better take very little and avoid them."

OVER THE ROAD.
Another Batch of Criminals
Shake the Strong Arm of the Law.

Joseph Howard, who burglarized Mayor Muller's residence, stepped into court to-day and said guilty. Judge O'Tourke sent him to prison for 2 years.
Daniel Giffrey pleaded guilty to forging a note on Fitzgerald, the adman man, and was given two years in the prison north.

Charles Sharpley and John Davison stole a watch from a workman on Tiger's new house, on East Berry street, Saturday. Marshal Meyer arrested the lads in the afternoon and this morning they were taken before Judge O'Tourke who sent them to the state reform school until they are 21 years of age. The boys hail from Chicago and were going to New York. Thus their tour was considerably abbreviated.

Reducing Expenses on the Pennsylvania Lines.

The curtailment of expenses recently ordered by the executive officers of the Pennsylvania railroad company applies not only to the operations along the main line and branches of the road, but to the various shops of the company. During the past week notices have been posted in most of the company's shops to this effect, and the order is to be made general. The reduction consists in the cutting off of one hour per day from each workman, and the suspension of work on Saturdays, making the total loss of time to each man fourteen hours per week. The workmen are paid by the hour, and the hours of labor are now from 8 a. m. to 12 m., and from 1 p. m. to 6 p. m. No reduction in the working forces has yet been made.

The president of the Cambridge, Mass., Fire Ins. Co. recommends Howard's Sanaparilla as a building up and strengthening remedy.
